Eastfield ladies spot the ghost

CAN YOU find the ghost and the mistake on this photograph? This was a problem posed by this month's speaker, Mr C. G. Thomas, as he displayed one of his photographs to Eastfield WI members. A professional photographer with his own studio in Yorkshire, Mr Thomas entertained Eastfield WI with a selection of photographs and told the stories behind them.

He explained how different techniques were used to produce different types of photographs. Much amusement was caused when one of the members asked how a halo effect was produced round a self photograph of Mr Thomas. He assured her that it was natural! And yes, we found the ghost and the mistake. What were they? I'm not telling! Mr Thomas was thanked by Bridget Cook.

Two new members, Helen Dring and Pam Bouchier, were presented with new members packs and welcomed to the movement by the president.

Forthcoming events include the Annual Council Meeting on March 25, the group meeting on March 30 with speaker Bob Rust and the major fund-raising of the year, the Spring Revue, to be held in the Conoco room on April 7.

The president thanked Barbara Boobyer for organising the recent annual dinner, much enjoyed by all.

The competition for a flower photograph was won by Madge Hill with a snowdrop carpet in a wood, 2 Enid Leeman and 3 Gwen Clarkson. The flower of the month was a pansy brought by Sybil Church, 2 Rita Cumbridge and 3 Enid Leeman.

Next month the meeting will be the AGM and display of member's work and will be on March 5 at 7.30pm in the Conoco room, new members and visitors are welcome.
